Sports Day in Côte d'Ivoire

Carmeuse Côte d'Ivoire recently hosted a full day of fun and camaraderie for employees and subcontractors. Attendees enjoyed delicious food and team-building activities, but the highlight was a spirited football tournament.

Over 35 people joined in, creating an opportunity to relax, connect, and strengthen bonds beyond the workplace.

Official certificate of recognition awarded to Carmeuse Senegal by Bandia village chief and the authorities of Bandia Bambara Primary School for their ongoing support.

Women's health takes centre stage in Senegal

Carmeuse Senegal took significant steps toward promoting women's health by organizing a cervical cancer awareness and screening campaign. The event was led by a female healthcare practitioner to make the attendees feel more comfortable and included discussions on cancers, sexual health, and STI prevention.

During this event, 100 women were screened, with one suspicious case referred for further care and eight STI cases treated on-site.

Enhancing schools and healthcare in Tunisia

Carmeuse Tunisia had a busy month of social impact initiatives.

At El Gwanda Primary School, walls were painted and decorated, and office supplies were provided to create a vibrant space for students.

Additionally, medical equipment was donated to Chenchou Infirmary, which will make it easier for the staff to do their job and have a direct impact on the quality of care provided by the clinic.
