

What's happened @ CMO

Investing in skills development for inclusive communities

Carmeuse Tunisia recently stepped in to support the Tunisian Union for the Assistance of Intellectually Disabled Persons (UTAIM). UTAIM works to defend the rights of those with intellectual disabilities, improve their quality of life, and promote their inclusion in society. This is done through rehabilitation, skills training, and integration programmes carried out in close collaboration with families and specialized institutions.

By purchasing essential equipment for UTAIM's skills-development workshops, Carmeuse Tunisia is helping create practical income-generating opportunities for adults with intellectual disabilities. The contribution included safety equipment for the plastic recycling workshop (such as coveralls, goggles, and hearing protection), the purchase of materials to support the sewing workshop, and a new oven for the baking workshop.

TerraCalco Senegal attends SIAGRO 2026

The International Exhibition of Agro-Food Industries and Techniques (SIAGRO) was held from 9 to 11 April 2026. SIAGRO serves as a key regional platform, bringing together stakeholders from across the agro-food value chain to promote innovation, sustainable practices, and the development of local agro-industries in West and Central Africa.

TerraCalco Senegal's participation in SIAGRO generated strong visibility and valuable exchanges with industry professionals, partners, and institutions. A key highlight was the visit to the team's stand by Dr. Mabouba Diagne, Minister of Agriculture, Food Sovereignty and Livestock of Senegal, alongside Mr. Babacar Ngom, CEO of the SEDIMA Group.

Are you ready for UltraLime 2026?

Join your colleagues across CMO in our annual walking and running challenge that promotes wellbeing, teamwork, and positive impact.

Sign up with your local captain before the end of this month and be part of the friendly competition.

Every kilometre counts.

News From Around Our Globe

- **Senegal:** The plant farm's most recent harvest has generated €425.33 through the sale of vegetables, herbs, and chickens. The proceeds are used to keep the farm running and to support the farm workers.
- **Ghana:** A total of 29 employees took part in the annual blood drive in partnership with Skyy Power FM, contributing to the regional hospital's blood bank.
- **Mauritania:** The local team continued its long-term partnership with DON ALCAE, an association dedicated to combating child abandonment. This support helps care for and educate 71 orphans, ensuring they grow up in a safe, supportive, and nurturing environment.
