

What's happened @ CMO

Snapshots from Across Our CMO Network

When children ask to help clean up their community, it's hard to say no.

So, at their request, Carmeuse Mauritania organised a day of environmental activities, including a coastal clean-up and planting of 30 trees at Mouhamed Messoud School. Together with the children and local partners, hundreds of bags of litter were collected to help protect the coastline.

Tunisia hosted their annual health day bringing colleagues together for a day focused on health, wellbeing, awareness, and fun team building activities.

Phase 2 of the Green School Project concluded with an awareness workshop bringing together all stakeholders.

Students also performed an environmental sketch highlighting the importance of reforestation and caring for newly planted trees

In Ghana, 70 mono desks were donated to Sekondi College to address furniture shortages and improve the student's learning experience.

South Africa used Men's Mental Health Awareness Month to promote open conversations around health, wellbeing, and support-seeking

June Results

Côte d'Ivoire, Tunisia, Mauritania, Europe, Asia, and South Africa accumulated a total of 7127.38 kms!
